Leadership Coach

Part-time (contractor)

Remote

Base rate: - \$75-125 per hour

Want to coach highly engaged business leaders without spending the time, effort and energy it takes to find a new client?

We believe in a future of work where companies succeed because of their leadership, not despite it. We empower organizations and their managers with the tools, skills, and training to unlock the full potential of their team. Our 3-month Leadership Bootcamp supports leaders, teams and organizations in building the foundational 'coaching' skills of great leadership. Each Bootcamp includes six interactive bi-weekly workshops, five assignments to practice between workshops and four coaching sessions to help the leader reflect on what worked, what didn't and how to improve going forward.

The purpose of this role is to provide impactful leadership coaching to managers who go through our Open Honest & Direct Leadership Bootcamp. This critical role serves as a key touchpoint in the habit-building process with leaders.

That's where you come in! We're looking for powerful leadership coaches to join our team of contract coaches. We are always looking for coaches who align with our vision and values.
